

M2S ELECTRONICS REVEALS REDESIGNED WEBSITE

Quebec, July 6, 2020 - After several weeks of development, we are excited to unveil our new website, available at: <https://www.m2selectronics.com/>

The new design provides an exhaustive and user-friendly overview of the full range of our services and solutions. It highlights the commitment, experience and skills of our experienced teams.

Our positioning has also been refined in order to best represent our customers in Ground Transportation, Energy & Infrastructure, Buildings, Medical, and Industrial industries.

The newly-redesigned website features easy-to-navigate pages, while the layout is structured to provide a seamless user experience that better suited the needs of our customers, but also for our partners and potential employees.

Have a nice visit!

About M2S Electronics

M2S Electronics, member of Narvi Consortium, is a global leader in the design and assembly of electromechanical & electronic integrated systems.

Our Savoir Faire, particularly in the Transportation, Energy & Infrastructure, Buildings, Medical and Industrial industries, allows us to provide our clients with services based on two important words: Partnership and Added Value.
