

*40 Plus years designing and assembling electronic & electromechanical integrated systems.*

May 2023,

*M2S Electronics announces 2<sup>nd</sup> Generation Transition*

M2S Electronics is pleased to announce that its legacy as a family business delivering excellence in electronic integrated systems will continue with the transition from the first to second generation. For over 20 years, the Saucier family has run the business through its family counsel, and for almost 10 years, the founder, Bertrand Saucier, and his two daughters Melanie and Marie-Joelle have served on the Board of Directors crafting their vision for the future of the business.

This milestone represents a continuation of our commitment to progress, while upholding the cherished values of savoir-faire and harmony that have been integral to our success. Supported by a team of dedicated managers and employees, the company has completed a reorganization: First, Bertrand Saucier, one of the three founders of M2S and the leader of the company's values and best business practices, will continue to serve on the Board as well as resume his previous position as President and Vice President of Finance. Second, Melanie Saucier, who has spent 10 years on the board establishing the vision and serviced the manufacturing industry for 25 years as a product designer, has been named Executive Chairman of the Board and, as such, will also serve as Vice-President of Business Development. Third, Marie-Joëlle Saucier, who spent 10 years as well on the board establishing the vision, and building on her nearly 20 years serving her landscaping clientele, continues to serve on the board and leads special projects and committees. Finally, Alain Lachance, who has over 30 years of combined experience as an executive director of operations, of the R&D, digital transformation and quotations with M2S, has been promoted to the position of Vice President of Operations. With a harmonious blend of experience and fresh perspectives, we seek to create a collaborative environment where the collective wisdom of our team propels us forward while maintaining a sense of balance and unity.

As we embark on this exciting chapter, we extend our heartfelt gratitude to our loyal customers and dedicated employees who have been instrumental in our success. Together, we look forward to a future that embraces progress, upholds the spirit of savoir-faire, and fosters a harmonious and thriving business for generations to come.

Bertrand, Melanie, Marie-Joelle and Alain
