INDUSTRY 4.0 - TESTIMONY OF MR. CHARLES CARRIÈRE, PRODUCTIQUE QUEBEC

Digital technology radically transforms the industrial and manufacturing world. This fourth industrial revolution, in addition to allowing us to improve our efficiency and create more personalized products, allows us to adapt more quickly to the needs of our customers.

« Ce fût un plaisir et très rafraichissant de faire l’audit Industrie 4.0 chez M2S Électronique, ce qui m’a permis de voir une entreprise aussi bien gérée et structurée, c’est réconfortant. »

Translation: “It was a pleasure and very refreshing to do the Industry 4.0 audit at M2S Electronics, which allowed me to see a company as well managed and structured, it is comforting.”

M2S is indeed proud of the progress made in its transfer to a 4.0 company. A constant watch and a desire to constantly improve place M2S in a major position for the current revolution.

About M2S Electronics

Founded in 1981, M2S Electronics is a global leader in the design and assembly of electromechanical & electronic integrated systems. Our Savoir Faire, particularly in Transport, Energy, HVAC, Automotive and Medical industries, allows to provide our customers services based on two important words: Partnership and Value-added. The satisfaction of our customers and the implementation of our Customer Experience program are part of everyday life.
