

Press release

Quebec, November 23 2015 –North American competitive in price for electronic production

2 years ago M2S Electronics was contracted for a project previously manufactured in Malaysia in the automotive industry. Today the 200,000 th unit has been delivered in Mexico to the entire satisfaction of the final customer in Detroit. When automation and Savoir Faire are partners, everything is possible.

About M2S Electronics

Since 1981, M2S Electronics is the partner of choice for OEMs, looking for value-added turnkey services and solutions in electronics. We are involved with our partners at all levels of custom made electronics. We offer 4 complete faculties under the same roof; R&D, Production Engineering, Local as well as International Assembly.

From the beginning, we distinguish ourselves for the quality of our processes and the strength of our management.
