M2S Sees Record-Breaking Year

M2S Electronics ended the year with double-digit revenue growth. This accomplishment would not have been possible without the support of its valued customers; M2S therefore like to thank them all.

This remarkable increase confirms the strategic positioning adopted by M2S, thus targeting the transport, energy, HVAC and medical industries. The Savoir Faire of M2S in these markets is rewarded.

About M2S Electronics

Since 1981, M2S Electronics is the partner of choice for OEMs, looking for value-added turnkey services and solutions in electronics. We are involved with our partners at all levels of custom made electronics. We offer 4 complete faculties under the same roof; R&D, Production Engineering, Local as well as International Assembly.

From the beginning, we distinguish ourselves for the quality of our processes and the strength of our management.
