SAVOIR FAIRE IN ELECTRONIC...

Description

M2S Electronics can help you reduce your production costs, maximize your reliability, reduce production time and eliminate recurring problems.

We help you extend the life of your products. Our technicians take care of the diagnosis, the repair, and the root cause analysis respecting your guidelines and thus prolonging the life of your products

We have different measurement tools that enable our partners to ensure quality products.

- **CONFORMAL COATING APPLICATION (FULLY AUTOMATED OR MANUAL)**
- **REPAIR STATION (BGA-MICRO-BGA)**
- **WASHING MACHINE**
- **ENVIRONMENTAL ROOMS (BURN-IN)**
