

Quebec, September 3rd, 2019 – **Press Release**

M2S Electronics announces the appointment of its new President and CEO

I am pleased to announce that Mr. Nicolas St-Germain is joining M2S Electronics as President and CEO of the company. Mr. St-Germain has a bachelor and a master in electrical engineering as well as a MBA. He has worked for small and large corporations in Quebec, Ontario, Alberta and France over the last 25 years. He has a strong experience in project management, commercialization and operations. He started on August 19th.

I am thrilled to see a “3rd generation” of President and CEO at M2S. Without doubt, Mr. St-Germain will know how to use his experience and expertise to the benefit of M2S.

Mr. St-Germain and the M2S team are committed to continuing to offer you world class services in design and assembly of electromechanical and electronic integrated systems.

Please don't hesitate to contact us if you have any questions.

Bertrand Saucier
Chairman of the Board

About M2S Electronics

Founded in 1981, M2S Electronics, operating production facilities on 3 continents, is a global leader in the design and assembly of electromechanical & electronic integrated systems. Our Savoir Faire, particularly in Transport, Energy, HVAC, Automotive and Medical industries, allows to provide our customers services based on two important words: Partnership and Value-added. The satisfaction of our customers and the implementation of our Customer Experience program are part of everyday life.
