M2S ELECTRONICS & AIM MANUFACTURING ANNOUNCE A STRATEGIC PARTNERSHIP

M2S Electronics and AIM have signed a non-exclusive partnership agreement with the objective to deliver joint solutions to leverage electronic and electro-mechanical assemblies, and increase the skills and expertise, mainly in the rail transport industry.

Together, M2S located in Quebec City, province of Quebec, Canada, and AIM, based in Rochester, States of New York, United States, will drive greater customer success.

With a strong knowledge in the Transportation, HVAC, Energy, Medical and Automotive industries, M2S Electronics and its partner multiply the expertise for the benefit of their clients.

“AIM is known for their strength in the electro-mechanical assemblies and harnesses, and this partnership offers strong support for our business in United States,” said Jean-Daniel Binant, EMBA, C.M. Development Executive Director, M2S Electronics.

About M2S Electronics

Founded in 1981, M2S Electronics, operating production facilities on 3 continents, is a global leader in the design and assembly of electromechanical & electronic integrated systems. Our Savoir Faire, particularly in Transport, Energy, HVAC, Automotive and Medical industries, allows to provide our customers services based on two important words: Partnership and Value-added. The satisfaction of our customers and the implementation of our Customer Experience program are part of everyday life.
