M2S ELECTRONICS & HYPERTRONIC TECHNOLOGIES ANNOUNCE A PARTNERSHIP AGREEMENT

M2S Electronics and Hypertronic Technologies have signed a non-exclusive partnership agreement with the objective to increase the skills and expertise, mainly in the rail transport industry.

Hypertronic's capabilities complement those of M2S Electronics and Explora Technologies.

Based in Quebec, all of these partners offer their clients the strength of more than forty (40) specialists in electronic design (hardware, software, applications and mechanics).

With a strong knowledge in the Transportation, HVAC, Energy, Medical and Automotive industries; M2S Electronics and its partners multiply the expertise for the benefit of their clients.

About M2S Electronics

Founded in 1981, M2S Electronics is a global leader in the design and assembly of electromechanical & electronic integrated systems. Our Savoir Faire, particularly in Transport, Energy, HVAC, Automotive and Medical industries, allows to provide our customers services based on two important words: Partnership and Value-added. The satisfaction of our customers and the implementation of our Customer Experience program are part of everyday life.
